Gentlemen:

Thank you for the fine job you have done on our building. We are very happy with the new look of our building. Most of all, we are happy to report that after our last rainy season, we have yet to experience any leakage that had plagued us for so long prior to your work.

Also, our new gym floor is holding up great. We have recommended your firm on several occasions regarding flooring and painting and waterproofing. I understand that you have contracted to do all the waterproofing on the new Lausanne Twin Towers high rise in Naples and the French Village Condominiums, so next time you're in Naples stop by and see us.

Sincerely,

YOUNG MEN'S CHRISTIAN ASSOCIATION

J. Thurston Martin
